Reference: The Copper Mark Recognition of EcoVadis Scorecard

To Whom It May Concern:

The Copper Mark is pleased to accept the EcoVadis Scorecard as equivalent to Step 2 of [the Copper Mark Assurance Process](#): self-assessment.

Participants are responsible for submitting the EcoVadis Scorecard directly to the Copper Mark. To be considered valid, it must follow the process set by EcoVadis, bear the EcoVadis label, and be no more than 2 years old.

The Copper Mark will use the scorecard to recommend the scope of the site assessment with the approved assessor(s).

We are grateful for the collaboration with the EcoVadis team, and remain available for any future discussions, projects, or partnerships.

Kind regards,

Michèle Brülhart
Executive Director
